Volunteer Levy Policy

Overview

As announced as part of the fee restructure for 2016, a \$50 volunteer levy has been introduced. The volunteer levy will work by way of a points system. If you achieve 50 points over the season you will get a refund of the levy to the value of \$50. Each piece of volunteer work will be worth a certain number of points.

Due to the administrative complexity, partial refunds will not apply where a person has generated less than 50 points.
